

TERM LIMITS

If elected, I will push to allow the Membership to decide by Constitutional Amendment the adoption of Term Limits to ensure that Tribal Leadership does not become stagnant.

I propose the adoption of Term limits of 2 consecutive Terms in office, after which an individual must sit out one complete term of office.

For example:

An individual is Chairman for 8 years (2 terms). They must then sit out a 4-year term from seeking election to the Chairpersons seat.

This type of term limit approach would not permanently eliminate individuals from running, but would eliminate stagnation, and allow our Tribe to be more inclusive with increased participation from the Tribes biggest asset, its membership.

This issue can be considered divisive, that is why a Vote of the Membership, as a whole, will be advocated upon. While some may agree with Term limits, as others no not - Collectively it will be the Membership of the Tribe that sets any additional requirements.
